## Final Report: Land Use & Community Food Security in Victoria: Implications and Responses for the Future

**8.15am – 11.30am, 14 October 2009**  
**VLGA Meeting Room 1**  
**60 Leicester Street, Carlton**

- ✓ Up to 25% of our fresh food is being grown in and around our urban areas
- ✓ This is not being prioritised as a land use planning issue
- ✓ Little is known of the long-term impacts of localised land-use decisions on food security.
  
- ✓ A VLGA Project was funded by VicHealth
- ✓ Research conducted by Community Planning and Development Program at La Trobe University Bendigo campus, headed up by Trevor Budge
  
- ✓ Purpose of the Project is to build the capacity of Local Governments and others to integrate community food security into land-use planning objectives.

**Launched by Planning  
Minister Justin Madden.
